

AIR FREIGHT

WHO IS PGL?

PGL is one of the world's fastest-growing, women-owned logistics companies. Our knowledge and experience in various market sectors allow us to offer our clients custom-tailored solutions to fit their specific needs. We connect business on time anywhere in the world through the use of leading-edge technology while providing unrivaled customer service and supply chain visibility.

- ▶ PGL offers our clients the following services: ground transportation, air freight, intermodal, supply chain, contract logistics, packaging and crating, government services, and ocean freight. We specialize in importing, exporting, and domestic shipping.

OUR TECHNOLOGY • SHIPPING & TRACKING

- ▶ Our state-of-the-art shipping and tracking system is designed to make a difference in the way your business operates by providing in-depth, real time information. We are constantly adapting our software to keep up with the advancements in technology. Our user-friendly shipping and tracking system enables you to conduct searches customizable by up to 150 different filters.

- ▶ **Shipping PGL**
Using our versatile web-based shipping, customers can receive rate quotes, schedule shipments, prepare bill of lading, print shipping documents, labels & activity reports.

- ▶ **Tracking PGL**
Our web-based tracking software allows customers to manage information on flow of goods while in transit globally and receive automatic email notifications for pick-up & delivery.
