

GROUND TRANSPORTATION

WHO IS PGL?

Staffed around-the-clock, PGL has a dedicated team of experienced specialists that is always ready to execute your urgent logistics needs across all industries. With extensive knowledge of aerospace in particular, PGL has the people, processes and know-how to make it happen and inspire the peace of mind and confidence that lets you know your project is handled.

PGL is among the world's fastest-growing Minority / Women-Owned logistics companies in the world. Specializing in end-to-end design, implementation and operational capabilities in freight forwarding, contract logistics, as well as transportation and distribution management. We offer custom-tailored solutions to fit your specific needs.

OUR TECHNOLOGY

PGL Connect

For forward-thinking businesses seeking true visibility into their shipments, PGL Connect is leading-edge software that allows you to track your shipments with single-source access to documentation, customized reporting and more, because we exist to deliver the most precious cargo there is: peace of mind.

Shipping PGL

With web-based shipping you can receive rate quotes, schedule shipments, prepare bill of lading, print shipping documents, labels & activity reports. This simple tool streamlines your tasks so that you can conduct business more efficiently.

Tracking PGL

Our web-based tracking software allows you to manage the flow of your goods, information & transport throughout the global supply chain. Receive automatic email notifications upon shipment status change, pick-up & delivery.

GROUND TRANSPORT

EXPEDITED, HOTSHOT, DRIVER OR TEAM SERVICE:
For our most urgent and high-value shipments, PGL provides nonstop ground transportation to and from any location in North America. These transport services are directly integrated into virtually all of PGL's service options to ensure timely and accurate delivery to the final destination. Same day pick-up and delivery freight services are available for customers within the same general market.

TRUCKLOAD

PGL provides customized local, regional, team and dedicated truckload services, designed to keep our customers' businesses running efficiently and smoothly.

LESS THAN TRUCKLOAD (LTL)

This service is flexible, efficient and economical for single-pallet and multi-pallet shipments. Whether you need regional, national or cross-border LTL shipping, we have the capacity to ensure intact and damage free delivery.

POOL DISTRIBUTION

This allows for the delivery of shipments to multiple destination points within a specific geographic area or region. Pool distribution represents an alternative to LTL shipping.
