

## 2025 YEAR IN REVIEW

### MISSION DEBRIEFING:

Our wins and successes by our people.

**STATUS:** Authorized for trusted peers

**ORIGIN:** PGL Global Operations Command Reference

**PRESENTED TO:** Customers, Partners, Stakeholders

**PREPARED BY:** PGL

#### Summation

This was a year defined by our amazing people's precision, our outstanding partnerships, and our award-winning performance. Every vertical, every station, and every service was handled with excellence!

- L.L.

**FOR YOUR EYES ONLY**

# MISSION PRELUDE:

## Leadership Transmission

### CEO/President Message

**TOP SECRET**

From the desk of Lyn LaMothe  
CEO Perimeter Global Logistics,

To our valued clients, amazing partners, and incredible people, I wanted to personally reach out and share with you all our fantastic year of soaring success!

As one of the fastest-growing woman-owned logistics companies, we are proud to help keep your freight humming along 24/7/365. PGL delivered more than just freight this year, we helped to ensure your success. From our secure, efficient, and compliant solutions to our precision and reliability, I'm very proud that we delivered for you this year!

Lyn LaMothe  
CEO  
Perimeter Global Logistics

**OVERVIEW**

## EARLY CHAOS • STEADY SOLUTIONS

As the year kicked off, we saw a lot of fast-paced chaos. Between tariff turbulence, tighter deadlines, and sky-high demands across all sectors, the industry was off to another rocky start.

Thankfully, our veteran-driven grit and woman-led innovation turned several challenges into spectacular triumphs! Thanks to our urgent AOG recoveries and seamless white glove rollouts, PGL didn't just move freight, we fueled client wins. Key highlights include:

- We nailed cross-sector wins with time-sensitive deployments in healthcare, retail, & tech.
- PGL had breakthroughs with MedTech expansions, high-value tech hauls, retail rollouts, high-value tech hauls, retail rollouts, and even aerospace recoveries.
- Our infrastructure got a serious boost with hundreds of thousands of square feet in added warehouse space.
- We also got several upgrades in Houston IAH, Los Angeles LAX, and Chicago ORD; which has greatly accelerating cycles and coverage.

## DEFINING WHAT 'CAN-DO' MEANS

### PGL IS AIR FREIGHT CHAMPION

We won the #1 global ranking from TALA, thanks to instant activation and slashed downtime. When your aircraft are grounded, PGL takes off!

### WAREHOUSE BOOSTING

Facility expansions were huge! Between Grand Prairie's boost, enhancements in Houston, updates for LAX, and new service offerings for ORD, PGL really leveled-up this year.

### BRAND & WEBSITE UPDATES

Our company brand updates brought a much cleaner identity for enhanced intuitive communications. We now have a more unified look and feel that reinforces PGL's promise of reliable, tailored, and seamless service.

### GOVERNMENT SERVICES GROWTH

PGL accomplished improvements of our FAR and DFARS compliance, ITAR readiness, and Mentor-Protégé wins. We do what it takes to deliver your secure mission-critical needs.

## RECORD-BREAKING WINS

We saw record wins at this year's SHOT Show with well-over 800 shipments. We also championed the Medtronic's Hugo™ rollout, distribution duties for Lowes and Costco, as Lowes and Costco, as well as demonstrating our company's wide range of capabilities with Astrodyne globals, and Piedmont/Blink imports. Trust the PGL pros; we'll treat your freight like our family heirlooms.

Our insiders have infiltrated all aspects of the company and are demonstrating excellence!

PROTECTED

## VERTICAL VICTORIES

### AEROSPACE & AOG

These two sectors turned out to be our highest-tempo verticals. We proudly received a [REDACTED] #1 ranking for our global recoveries, and MRO partnerships, meeting client urgency with our famous reliability.

### Government & Defense

We're compliance kings, mastering FAR/DFARS, laying CMMC groundwork, and scoring federal wins. Plus, our government teams elevated compliance and federal footprints, raising overall top security scores.

### Trade Shows & Events

As trade shows, expos, and conventions continue to return to normal, PGL had [REDACTED] explosive growth in our Trade Show services this year. We credit this accomplishment to our amazing people who handle difficult drayage, perform on-site wizardry, and those who turn event chaos into smooth setups. The people of PGL are our greatest strength!

### HIGH-VALUE & HIGH-TECH MOVES

This year, we handled more technological and valuable shipments than ever. Among our proudest moments came when we conducted our signature secure electronics hauls. We also provided several highly successful moves requiring very precise international coordination with high-stakes freight. PGL's White Glove services are something I especially want to highlight, due to how well they handled nationwide installs. One in particular with Hugo™ system really stands out.

## SUCCESS IN SHORT

### ALPHA: MEDTRONIC

Surgically precise white glove rollout of their robotic systems.

### BRAVO: RETAIL

Scaling up for a multi-Costco distribution service for peak demands.

### CHARLIE: ASTRODYNE

High-value aero global shipments with time-definite excellence.

### DELTA: PIEDMONT & BLINK

We handled consistent import deliveries and rapid fitness expansions.

RESTRICTED ACCESS

*Our special agents are making a difference throughout logistics.*

TOP SECRET

## STATION SPOTLIGHTS

We made several wonderful improvements throughout our stations this year, like in **DFW**, our **Central Command**, which handled several national rollouts as well as warehouse wins.

Not only that, but we showed that sessions per day here were off the charts! Up in **New Jersey**, the **Northeast Gateway** team mastered ocean imports, which was a massive boost for our coast-to-coast deliveries. Down in **Florida**, our Aviation Hub worked to link **LATAM** with incoming AOG spikes, and doing it with flair at full throttle. Our **West Coast** teams saw a huge surge in tech and high-value shipments.

The **LAX** team also had to handle new import upgrades while San Francisco's Special Ops people delivered white glove choreography under super tight schedules with our trademark flawless execution. Our **Midwest rising star** is easily our Detroit Station, which grew freight capacity and supported aero/gov. Our hat's off to you, **DTW Team!** Meanwhile, the team in Chicago kicked in to high gear to tackle multiple warehousing heavies all while juggling multi-client hauls. As a result, ORD Station just became legends in lifting totals.

Our show-time specialists in **Las Vegas** aced event drayage under some very high-pressure handling this year. Yet, they took each weekend spike like champs, demonstrating PGL's spirit of getting the job done on time!

## CRATING & INDUSTRIAL SOLUTION

This outfit just pulled off what we'd call a classic breakout operation. It showed growth, precision, and a performance that left the big players at Halliburton very happy. PGL stepped up by forging new industrial alliances, bolstering customer loyalty, expanding storage networks, and delivering results.

### THE HALLIBURTON CARROLLTON STORAGE WIN:

PGL landed an exclusive contract to handle Halliburton's critical inventory program. Our agents orchestrate a perfect relocation: moving the entire stock from Gainesville clear across to PGL's state-of-the-art facility in Farmers Branch.

### RESULTS:

Halliburton's access time dropped from 63 miles to a much closer 5 miles. Faster response, better availability, smoother operations. This is pure efficiency, and this victory cracks open the door to more Halliburton storage deals at other PGL locations nationwide.

## RESTRICTED ACCESS

In the 2025 Halliburton Annual Vendor Review, PGL didn't just pass, we dominated! We posted an impressive 85 out of 100. That's a 9-point jump from the previous year!

### THE BREAKDOWN:

- Financial Performance: 20/25 Exceeds Expectations
- Operational Performance: 33/35 Superior Performance
- HSE & Global Citizenship: 12/15 Exceeds Expectations
- Collab & Transparency: 11/13 Exceeds Expectations
- Tech & Innovation: 10/12 Exceeds Expectations

Halliburton's own Procurement Specialist tipped his hat and said that this is one of the highest vendor scores he's ever laid eyes on in the region!

In short, PGL Crating played their hand masterfully in 2025, building trust, tightening logistics, and earning a reputation that is solid. They've now positioned themselves as the go-to player for the long game. Impressive work!

## GROWTH & EXPANSION

### FRISCO

PGL Frisco evolved into a disciplined, scalable high-performance station, strengthening process controls, integrating new technologies, and fostering a culture ready for 24/7 operations and sustained growth.

- Inventory mins, PAR-level automation, & Deposco WMS
- Batched fulfillment and added SKU barcode labeling for improved efficiency
- Over 95% on-time delivery
- Built comprehensive SOPs
- Automated workflows and integrated with customer systems
- 24/7 support & clear KPIs
- Avoided stockouts & manual errors
- Completed first 100 shipments

### ORD

2025 was a foundational year for PGL Chicago, marked by the opening of a new office that enhanced capabilities and solidified the station's footprint in this key Midwest logistics and aviation hub.

- Moved to expanded Franklin Park, IL office
- Much better workspace for the team
- Boosted customer support capabilities
- Bolstered infrastructure for Midwest freight
- Improved international cargo & ground distribution
- Maintained consistent service and customer ties
- Deftly handled market volatility
- Set up ORD for growth via improved recruitment
- Enhanced station flexibility
- Midwest presence in a key logistics hub

### LOOKING AHEAD

At PGL, our clients demand speed, visibility, and resilience throughout the shipping cycle!

Our continued mission ensures more targeted expansions into Aerospace & AOG, Government services, scaling up our secure Warehousing, and perfecting our White Glove service offerings.

**20**  
**YEARS IN**  
**LOGISTICS**

Perhaps the most exciting thing for us in 2026 is that we'll be celebrating our 20-year anniversary all year long!

On this two-decade foundation of meeting high expectations, expect PGL to only get better with higher and higher performance outputs!

Thank you ALL for being on this journey with us! We look forward to being your freight co-pilot! Let PGL be your go-to for custom quotes, real-time tracking, and our world-famous exceptional service!

- Lyn LaMothe
