

OCEAN FREIGHT SERVICES

WHO IS PGL?

TRUSTED LOGISTICS PARTNER FOR ALL YOUR OCEAN FREIGHT OPERATIONS

PGL proudly delivers safe, on-time ocean freight solutions worldwide. Our teams of experienced and highly dedicated logistics specialists will manage your critical shipments 24/7 with our famous precision, compliance, and care. From Full Container Load (FCL) to Less-than-Container Load (LCL) services, PGL's **Perimeter International** ensures your cargo moves securely and efficiently across international waters. With a proven track record in cost-effective and reliable ocean shipping, we help businesses unify supply chains and meet delivery deadlines.

PROVEN EXPERTISE IN DEFENSE LOGISTICS

As one of the world's fastest-growing, women-owned logistics companies, PGL proudly provides end-to-end comprehensive design, implementation, as well as operational capabilities across freight forwarding, contract logistics, and transportation management. Our solutions are tailored to meet the unique demands of government and defense programs, ensuring that every move meets the very highest standards of performance and your security needs.

OUR TECHNOLOGY

TECHNOLOGY THAT ENSURES CONTROL

Our industry-specific software, PGL Connect, provides you with the visibility and security that today's defense supply chains demand. This advanced digital platform enables real-time tracking, milestone monitoring, and gives you single-source access to documentation and reporting. PGL Connect empowers your teams to operate with confidence while remaining securely within compliance.

SHIPPING PGL

PGL's powerful web-based digital shipping tools allow you to request rate quotes and schedule shipments. Through our tech solutions, you can also prepare bills of lading, generate shipping documents and create reports. All of this is done within our secure, encrypted environment to give you peace of mind.

TRACKING PGL

The powerful global tracking system PGL utilizes delivers comprehensive visibility across the global supply chain, providing automated notifications for shipment status changes, pick-ups, and deliveries all to help keep critical missions moving without delay.
